NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture amended Section 3423(b) of the regulations in Title 3 of the California Code of Regulations pertaining to Oriental Fruit Fly Interior Quarantine as an emergency action that was effective December 20, 2006. The Department proposes to continue the regulation as amended and submit a certificate of compliance no later than April 19, 2007.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture may certify that there was compliance with provisions of Section 11346.1 of the Government Code within 120 days of the emergency regulation.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before April 9, 2007.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law obligates the Department of Food and Agriculture to protect the agricultural industry of California and prevent the spread of injurious pests (Food and Agricultural Code Sections 401 and 403). Existing law provides the Secretary may establish, maintain, and enforce quarantine regulations, as he deems necessary, to circumscribe and exterminate or prevent the spread of pests (Food and Agricultural Code, Sections 5301, 5302 and 5322).

Existing regulations established a portion of San Bernardino County (Rialto area) as the quarantine area for Oriental fruit fly. This amendment removed the quarantine area for Oriental fruit fly of approximately 65 square miles in the Rialto area of San Bernardino County. The effect of the amendment is to remove authority for the State to regulate movement of hosts and possible carriers of Oriental fruit fly within and from these areas, because it is no longer necessary to protect California's agricultural industry since the fly has been eradicated from these areas. The proposed action does not differ from any existing, comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that Section 3423 does not impose a mandate on local agencies or school districts, except that an agricultural commissioner of a county under quarantine has a duty to enforce Section 3423. No reimbursement is required for Section 3423 under Section 17561 of the Government Code because this amendment removes the portion of San Bernardino County that was in the area under quarantine from the regulation; therefore, enforcement is no longer necessary. There are no mandated costs associated with the removal of this area (Rialto) from the regulation.

The Department also has determined that no savings or increased costs to any state agency, no reimbursable costs or savings under Part 7 (commencing with Section 17500) of Division 4 of the Government Code to local agencies or school districts, no nondiscretionary costs or savings to local agencies or school districts, and no costs or savings in federal funding to the State will result from the proposed action.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

The Department has made an assessment that the proposed amendments to the regulations would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.
